

Gokhan Altun

Profile

With my associate degree in computer programming, I have gained knowledge in the field and have internship experience. I possess skills in Python, C#, game development, HTML, CSS, PHP, project management, and 3D graphic design. I am open to new ideas, a fast learner, and a team player. My goal is to develop my knowledge and skills by working in a professional

Graduate of Computer Programming at Kocaeli University of Health and Technology
